The UK minimum wage is determined by your age:*

18-20: £7.49 | 21-22: £10.18 | 23+: £10.42

- ▶ You are allowed to see your job contract in your first-language.
- ▶ It is illegal in the UK for a recruiter or agency to ask for you to pay money to find a job.
- ▶ Keep your identity documents and passports with you; do not give them to anyone.
- ▶ You should not have to work more than 48 hours per week, unless you want to.
- ▶ You are supposed to have at least one day off from work each week. If you work more than 6-hours at a time, you should also be allowed to take a break during your shift.
- ▶ It is unlikely that you will live and work in the same place unless you work as a nanny.

LABOUR EXPLOITATION is any form of work where someone receives little to no pay, or is forced or tricked to work against their will.
