

# GLOBAL FREEDOM SUMMIT

## SOCIAL MEDIA GUIDE

Social media is one of the most powerful tools we have to raise awareness and spark change. It connects us across borders and puts the fight for freedom in the palm of our hands. As a Global Freedom Summit Host, you have the unique opportunity to start conversations about human trafficking in your community and inspire others to take action.

To help you promote your event, we've created a collection of ready-to-use social media graphics and assets. Below are a few ideas for how you can use them to share your screening, gather your community, and amplify the message of freedom.

## EXAMPLE 1:

Where awareness meets action.

The A21 Global Freedom Summit is an annual global event designed to raise awareness about human trafficking and equip communities with the tools to take action against exploitation.

This year, I've partnered with A21 to host a Screening on [insert date] at [insert time]—and I'd love for you to join me. Together, we'll hear powerful stories, gain expert insight, and see the eye-opening realities of modern slavery as this presentation brings the truth of online child sexual exploitation to light.

This is more than a moment—it's a movement for freedom. A united effort fuelled by radical hope and determination to end human trafficking once and for all.
