Steps To Staying Safe
Storybook
Mia is 5 years old. She loves playing soccer at the park close to her grandpa’s house. Mia is only allowed to go to the park with her older brother Jack (who is 16), not by herself. Her grandpa is always trying to make sure she is safe from harm.
One day, Mia decided not to go straight home after playing soccer. She wanted to keep practicing, even though she knew she’s not meant to stay without Jack.

While Mia was playing she saw someone who looked familiar. He said his name is Abe and asked if he could kick the ball with her. Mia felt a bit uncomfortable because she didn’t really know him well, but said, “yes”.

After playing for a while, Abe told Mia she was very good at soccer, which made her cheeks turn red. He then touched her red cheeks and laughed. Mia had been practicing really hard, so she was glad Abe noticed, yet she felt uncomfortable that he had touched her face.

Abe asked Mia if she wanted to come play soccer at the park near his house. He said “I have a new soccer ball you can have if you come with me!” Mia replied, “I’m not allowed to go without permission.” Abe whispered, “That’s a shame, I really had fun playing with you. What if we keep this our special secret?”
Abe looked angry, which scared Mia. She picked up her ball and backpack and said she was going home. When she turned to walk away, Abe grabbed her backpack and yelled, “Stop!”

Mia thought it would be cool to have a new soccer ball and a special secret with Abe because he is pretty fun. But she also knew her grandpa and Jack wouldn’t be very happy if she lied to them. So she said, “No, thank you!”
Mia dropped her shoulders and let go of her backpack. She yelled, “You’re not my grandpa!” loudly so other people in the park could hear her. Abe quickly turned around and walked away, hoping no one saw him.
Mia told her grandpa what Abe had asked her to keep a secret. Her grandpa gave her a big hug and said, “Don’t worry, you did the right thing. I will call the police and tell them what happened.”

The lady kindly took her by the hand and helped her walk home safely.
This is my Safe Circle. It’s a safety tool that helps me remember the five trusted adults who I can talk to when I don’t feel safe.

I know safe touch is invited and only when I say “yes”. Unsafe touch is uninvited and makes me feel uncomfortable, scared, and should not be kept as a secret.
This is the hotline number I can call if I need help.
    I can also call 000 if there is an emergency.
